

I would be willing to pay for both local and non-local network channels.....Being from the northeast we enjoy NY channels but would also like local, instead you make us make a choice. Now I do not receive ABC AT ALL!!!! At least give me all the major networks, (non-local). And don't tell me because you can get the channels from Houston.....OK, BUT WE LIKE, ENJOY, LOVE TO WATCH NON-LOCAL (NEW YORK ESPECIALLY)! ALL I WANT IS "ABC" INCLUDED WITH NON-LOCAL PLEASE!!! I cannot get cable because I live too far out of town. OK, they say put up an antenna.....I would but, I live where there are tons of trees and I would have to go too high for an antenna. Besides this is why I have satellite TV. Please understand, all I want is "ABC" included in the non-local package. Thank you! Remember, you said make a choice.....now you cut me short.
